COMMENCEMENT
Convocation

Summer 2008
Dear Graduates,

Today is a very proud moment for you, your family and friends, and for the University of South Florida. Congratulations on achieving your dream.

We fully appreciate just how hard you worked to reach this milestone. You have faced high standards since you entered USF. You have undoubtedly changed in many ways, some obvious, others more subtle. You have refined your skills in the arts of listening, researching and thinking. You have learned the confidence to challenge ideas and developed the communication skills to preserve relationships while engaging in dialogue with others.

May your life’s journey never take you far from these principles, and may it frequently bring you back to USF.

Sincerely,

Judy Genshaft
President
University of South Florida
Founded in 1956, the University of South Florida is a national research university with campuses in Tampa, St. Petersburg, Sarasota-Manatee and Lakeland. USF is classified among the nation's premier research universities by the Carnegie Foundation for the Advancement of Teaching. Of the 4,321 colleges and universities classified by the foundation, USF is one of only 95 in the U.S. honored to be in the top tier and one of four universities in Florida at the highest level.

With more than $310 million in externally-funded research dollars, USF is one of the nation's fastest growing research universities. USF researchers have garnered international recognition in diverse fields such as anti-bioterrorism, robotics, brain repair, aging, juvenile homicide, popular culture and contemporary art.

USF students benefit from studying with renowned faculty who are on the leading edge of discovery in their fields of inquiry. The university offers more than 200 undergraduate, master's, specialist and doctoral programs, including the doctor of medicine.

With more than 45,000 students, USF is large and diverse. It is the ninth largest public university in the country. Students come from every state and more than 130 different countries. More than 30 percent are African American, Hispanic, Asian American, Native American and other races and ethnicities.

Located in one of the nation's fastest-growing metropolitan areas, USF's areas of strength reflect its urban setting. It has established a reputation for generating high-tech research and economic development, discovering health care solutions that save lives and improve the quality of those lives, identifying and solving real-world problems, and providing rich artistic, cultural and intellectual activities.
The Symbols of Learning

Modern academic regalia evolved from the kinds of apparel worn by monks and students in the 11th and 12th centuries to keep warm in the medieval castles and halls in which they studied. Academic life as we know it today began in the Middle Ages — first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, and the Bachelor was the apprentice of the Master. Their dress was the outward sign of stature and responsibility. Academic regalia was thus a visible manifestation — in color, pattern and design — that unified those of common discipline and like purpose. In later centuries, to preserve the regalia's dignity and meaning, universities set rules of academic dress. American universities agreed on a definite system in 1895, establishing a code of approved attire. In 1932, the American Council on Education revised this code, which, for the most part, governs the style of academic dress today. The principal features of academic dress are three: the gown, the cap and the hood.

THE GOWN — The gown has become symbolic of the democracy of scholarship, for it completely covers any dress of rank or social standing. The sleeves of the gown indicate the level of the degree held by the wearer. A long, pointed sleeve indicates the bachelor's degree. The master's gown has an oblong sleeve cut in an arc, with a slit at either the upper arm or wrist. The USF doctor's gown has bell-shaped sleeves and three black bars on the sleeve. The doctoral robe also has the seal of the university on the velvet facing.

THE CAP — The freed slave in ancient Rome won the privilege of wearing a cap, and so the academic cap is a sign of the freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as a square symbolizing the book, although other authorities claim that it is a mortar board, the symbol of the masons, a privileged guild. The color of the tassel on the cap denotes the discipline. The tassels on the caps (mortar boards) worn by the faculty may be black or a color indicating the degree. Those who hold a doctoral degree may wear a gold tassel. It is traditional for degree candidates to wear their tassels on the right and for those holding degrees to wear them on the left. Graduates transfer their tassels to the left after conferring of the degrees by the President.

THE MACE — The USF Mace, used during all Commencement ceremonies, is a ceremonial staff similar to those used by many institutions of higher learning to show the right of academic institutions to grant degrees to graduates. The USF mace is used during all Commencement ceremonies and is carried by the President of the Faculty Senate. Our mace includes a gold pine cone at its top to represent growth and continuity. Eight silver semicircles, which support the pine cone, stand for the eight colleges in existence at USF when the mace was commissioned in 1998. When not in use, today’s mace is displayed in the foyer of the President’s office. The original university mace is on display in the Alumni Center.

THE MEDALLION — The medallions worn by candidates for the bachelor's degree identify those graduating with honors. The black hood of a bachelor's candidate indicates a student who has earned the Honors College degree.

THE SASH — The golden-colored sash is made available to students who are members of university honors societies. The sash is embroidered with the university seal and the student's honors society. International students may choose to wear a special sash honoring their home country. The colors of their sash reflect the colors of their native flags.

THE HOOD — The hoods are lined with the official colors of the institution conferring the degree. They are edged and bound with velvet of the color appropriate for the degree. At USF, the lining of the hood is green with a gold chevron, representing the university’s colors.

THE COLORS — In regalia, academic disciplines are noted by color. These colors can be found on undergraduate and master’s tassels and on master and doctorate hoods on the velvet edging.

CLOSING/RECESSIONAL
Michael Barber
Congratulations! Today you join a proud tradition.

Since the very first graduating class in 1963, USF alumni have brought honor and distinction to the university in many areas, including medicine, business, law, the arts, public service, technology, engineering and education. With each passing year—and graduating class—the university’s stature continues to grow as its alumni are recognized across the state and nation, and around the world. From this day forward, you will carry on that tradition.

Wherever your future takes you, you’ll carry with you the distinguished reputation of a world-class university. As a student, you benefited from those who came before you and helped contribute to the value of your USF experience and degree. Now, as an alumnus, you will make your own contributions to benefit generations of USF students to come.

Pride, Loyalty, and Tradition—We challenge all USF alumni to get involved in some way. Whether it’s with a local alumni chapter, a national society or by attending Alumni Association events, you can make a difference.

We are truly proud of the accomplishments you celebrate today. We hope we can count on your support to help improve our university through your participation with the USF Alumni Association.

Sincerely,

Michele Norris, ’79
President, USF Alumni Association

Arranged in order of graduation.
Alma Mater

Hail to thee, our Alma Mater
  May thy name be told,
Where above thy gleaming splendor,
  Waves the green and gold.
Thou our guide in quest for knowledge
  Where we all are free
University of South Florida,
  Alma Mater, hail to thee!

Be our guide in truth and wisdom
  As we onward go,
May thy glory, fame and honor
  Never cease to grow,
May our thoughts and prayers
  be with thee through eternity,
University of South Florida,
  Alma Mater, Hail to thee!
